60+ health startups

50 HQs of insurance companies

”

As a digital healthcare pioneer, Cologne is the ideal location for us in many respects. We can collaborate here in close exchange with the numerous large university hospitals in North Rhine-Westphalia and jointly develop new innovations for the digital healthcare of the future. In addition, the location is highly attractive for well-trained specialists – also because international talents feel at home in a cosmopolitan city like Cologne.

Admir Kulin, founder and CEO of **m.Doc**.
